

Bulk Container Lifting Beam

**NEW
PRODUCT**

Handle flexible intermediate bulk containers quickly and easily with our 4-point lifting beam. This standard beam is designed to fit some of the most common sizes of bulk bags with 4-lifting loops on the top. Attach loops to the lifting arms of the beam and move bulk containers for storage, shipping, or emptying.

Bulk Container Lifting Beam

Product Features

- Constructed of tubing for a smooth surface with no sharp edges.
- Low Headroom design
- Easily attach to load with open lifting lugs.
- Lug spacing will hold up to a 4" wide loop
- Oversized lifting eye to accept a wide range of hooks
- Conforms to ASME B30.20
